Varsities warned against awarding 'unspecified' degrees

NEW DELHI: The University Grants Commission (UGC) has warned universities and educational institutions against awarding "unspecified" degrees. "It has been observed that some universities and institutions are awarding unspecified degrees leading to litigations and different problems for the students conferred with such degrees. "The universities should abide by the provisions of the UGC Act and award only those degrees which have been specified by the UGC," the commission said in a letter to vice chancellors of all universities. The UGC has asked universities to stick to the consolidated list provided by it for the approved nomenclature of degrees.

On Netaji's b'day, parties fight over his legacy

AGENCIES Kolkata

The 123rd birth anniversary of nationalist leader and freedom fighter Netaji Subhas Chandra Bose was celebrated on Thursday in West Bengal, where parties cutting across political lines fought over his legacy. Paying her homage to Bose, West Bengal CM Mamata Banerjee, who is away in Darjeeling, said he had fought for a secular and united India and opposed the "divisive politics" of Hindu Mahasabha, an apparent reference to the BJP and its leaders.

The country needs leaders like Netaji who can take everybody along, she said and demanded that his birthday be declared a national holiday. The CM, who was speaking at an event held to celebrate Bose's birthday, said Bose through his struggle for Independence had sent the message of respect for all faiths and the best tribute to the nationalist leader will be to work for a united India, she said. "Netaji advocated secularism. He was a true leader, who had the ability to lead the country. Only those who have the qualities of secularism can take everybody along, can lead the nation," she said in an apparent dig at the BJP-led government at the Centre."Netaji had fought for a secular India. Now efforts are on to oust those who follow secularism," she said at an event here to celebrate Bose's birth anniversary.

West Bengal PCC president Somen Mitra too used the occasion to lash out at the BJP government at the Centre over CAA and the proposed NRC. "The BJP government at the Centre is unable to understand the princi-

Met people in Pak who were denied visa over religion: Pawar

Mumbai: NCP chief Sharad Pawar claimed on Thursday that during his visit to Pakistan he met several people who wanted to visit their kin in India, but were denied "permission" only because they were Muslim. He also accused the BJPled NDA government of indulging in divisive politics. He was speaking at a meeting of the NCP's minority cell here.

"While working in the cricket field. I had been to Pakistan for a meeting. I met several people there then who have at least one relative in India. They want to meet their relatives. But they do not have permission just because they are Muslim," Pawar tweeted in Marathi after the meeting.

He was president of the BCCI and ICC. Apparently referring to the protests against the CAA and the NRC, Pawar said certain decisions of the Union govt had created insecurity in a section of society. "The govt is dividing communities and this poses a threat to the unity of the country. We will have to think how we can keep such ideology away (from power)," Pawar said.

Imran 'desperate', remarks...

"Pakistan has to realise that the global community has seen through this double standards...playing the victim card in their fight against terror on the one hand, and supporting terror groups targeting India and other countries on the other," he asserted.

When asked about Khan refusing to criticise China for the plight of Uyghur Muslims in China while showing concerns over the community in Kashmir, Kumar took an indirect pot shot at the Pakistan prime minister. "He said something, he is not saying something. You draw your own conclusion."

During a media interview, Khan refused to criticise China over the condition of Uyghur Muslims, calling the country a great friend who he said has done so much for Pakistan. Kumar said Pakistan must first take credible steps to deal with terror networks operating from its soil instead of trying to mislead the international community. "They have to take credible, irreversible and verifiable action against terror groups operating from its soil rather than making misleading and alarmist statements to divert the attention of the inter national community," said Kumar. The MEA spokesperson categorically asserted that there was no role for any third party on the Kashmir issue, in a clear message to US President Donald Trump, who made a fresh offer to "help" India and Pakistan resolve the dispute two days ago. Kumar said if there are any issues between India and Pakistan, they should be resolved bilaterally under the provisions of Simla agreement and the Lahore declaration and that the onus is on Islamabad to create an atmosphere for talks."We have seen President Trump's remarks. Our position on the Kashmir issue has been clear and consistent. Let me once again reiterate that there is no role for any third party in this matter," Kumar said at a media briefing. Addressing the media with Khan in Davos on Tuesday, Trump said that the US was watching the developments relating to Kashmir "very closely" and repeated his offer to "help" resolve the dispute. Trump's comments came ahead of his planned two-day visit to India which is likely to take place between February-24-26.On the upcoming meeting of FATF in France, Kumar said India hoped that the global anti-terror watchdog will carry out an assessment of Pakistan's efforts to contain terrorism.

Maharashtra Home Minister Anil Deshmukh on Thursday alleged that the previous Devendra Fadnavis dispensation misused government machin-

ery to tap the phones of opposition leaders, and an inquiry has been ordered in this regard.

Talking to reporters here, he said the cyber cell of the state police department has been directed to look into the complaints of phone-tapping and snooping of leaders who were then in the opposition. He said the government is also trying to find those officers, who had been reportedly sent to Israel to study the snooping software then. "The cyber cell of Maharashtra police has been asked to look into the various complaints of snooping/phone tapping that came in during the previous government. The inquiry is being done following complaints of snooping on opposition leaders, especially during the formation of (Maharashtra Vikas Aghadi) government," Deshmukh said. "There is no doubt that the previous dispensation has misused the government machinery to tap of phones of leaders from opposition parties," he said. "There were reports that some officers were sent to Israel to study the snooping software. We are finding out who had gone to Israel and whether there was any official engagement," Deshmukh said. When asked about the police deployment for the 'Mumbai 24 hours' policy allowing malls, multiplexes and shops to remain open round-the-clock in the city from January 27, he said the city police commissioner is preparing a proposal for additional deployment required.
