Mr. Parasmal Doshi
(Chairman & Whole Time Director)

It is my privilege to present to you the Annual Report of your Company for the financial year 2022-23. It captures the essence of a year that reflects the milestones and values that define Indo Thai. I feel proud that our dedicated team has consistently delivered outstanding results to enhance shareholders' value. Let me reiterate that we remain committed to maintaining the highest standards of corporate governance, transparency, and accountability, ensuring that the interests of our stakeholders are safeguarded at every step.

Further, our commitment to corporate social responsibility remains resolute. We have actively engaged in initiatives that promote sustainability, diversity, and community development. By integrating ethical practices into our core operations, we are not only creating long-term value for our shareholders but also leaving a positive impact on society and the environment.

The Indian benchmark Sensex and Nifty hit their lows in the month of March, dragged by massive selling mainly in stocks of a well known group company of India . The securities market in India has experienced a significant downturn in the wake of the escalating conflict between Ukraine and Russia. As a result, stock prices have taken a hit, causing losses across various sectors. This had a huge impact on our bottom line during the last quarter ended 31st March, 2023 for which the company has reported losses .

The Company has reported Rs.516.12 Lakhs of Brokerage income for the Financial year 2022-23 as against Rs.480.96 Lakhs for the previous year. The net worth of your Company has decreased to Rs. 5662.76 Lakhs in the financial year 2022-23 in comparison with Rs. 6343.78 Lakhs in the financial year 2021-22.

One of the major flourishing sector in the future is the green energy sector. In recent years, the green energy sector has experienced remarkable growth and transformation. Increasing awareness of climate change and the need for sustainable energy sources has driven substantial investment in the energy sector. The company has invested Rs. 2,85,00,000 in Femto Green Hydrogen Limited which is a subsidiary company of Indo Thai Securities Limited. The future growth prospects in the green energy sector remain highly promising. Increased investment in research and development will drive down costs making renewable sources even more competitive.

Your Board strongly advocates the fact that the growth of a company is backed by its Shareholders and keeping the same in cognizance, your Board is jubilant to recommend a final dividend @6%, being Rs. 0.60/- per equity share of Rs. 10/- each, for the financial year ended 31st March, 2023.

I want to express my gratitude to our dedicated team and all stakeholders for their unwavering support during this time of change. Your commitment and trust are paramount as we chart a path to overcome this loss and create a resilient foundation for the future.

Our journey is marked by a relentless pursuit of greatness, where each milestone achieved becomes a stepping stone to a brighter future. Undoubtedly, the voyage has been exciting and challenging in equal measures, but it has also been full of new opportunities, opening new vistas in the business. We are committed to providing transparent communication and implementing measures to enhance our financial practices moving forward.

Thank you for your unwavering trust and support. We endeavor to build more capabilities in order to ensure that we expand our relevance to our stakeholders. Our focus in financial year 2023-24 will continue to be “Growth” through leveraging our internal strengths and the huge external opportunities that the economy offers. This is how Indo Thai is placed and we are confident of a better and sustainable future.

Parasmal Doshi
(Chairman cum Whole Time Director)

POLICY ON REMUNERATION OF DIRECTORS, KEY MANAGERIAL PERSONNEL AND OTHER EMPLOYEES

1. INTRODUCTION:

Indo Thai Securities Limited ("the Company") recognizes the importance of attracting, retaining and motivating personnel of high calibre and talent for the purpose of ensuring efficiency and high standard in the conduct of its affairs and achievement of its goals besides securing the confidence of the shareholders in the sound management of the Company.

The provision of Section 178 of the Companies Act 2013 ("the Act") and rules made thereunder (including any statutory modification(s) or re-enactment thereof for the time being in force) and other applicable provisions of the Act and Regulation 19 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, makes it mandatory for the Board of Directors of every listed company to constitute a Nomination and Remuneration Committee.

In pursuance of the Company's policy to consider human resources as its invaluable assets, to pay equitable remuneration to all Directors, Key Managerial Personnel and Employees of the Company and to harmonize the aspirations of human resources consistent with the goals of the Company, the Nomination and Remuneration Committee (hereinafter referred to as the Committee) has formulated the policy for remuneration of Directors, Key Managerial Personnel (KMPs), Senior Management and other Employees of Indo Thai Securities Limited, in accordance with the requirements of the provisions of Section 178 of the Companies Act, 2013 and Part D of Schedule II of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

2. DEFINITIONS:

"Act" means the Companies Act, 2013 and Rules framed thereunder, as amended from time to time.

"Board" means Board of Directors of the Company.

"Company" means "Indo Thai Securities Limited."

"Directors" means Directors of the Company.

"Independent Director" means a Director referred to in Section 149(6) of the Companies Act, 2013.

"Key Managerial Personnel" means as may be defined in the Companies Act, 2013.

As per section 2(51) "key managerial personnel", in relation to a Company, means—

- i. the Chief Executive Officer or the Managing Director or the Manager;
- ii. the Company Secretary;
- iii. the Whole-time Director;
- iv. the Chief Financial Officer;
- v. such other officer, not more than one level below the directors who is in whole time employment; designated as key managerial personnel by the Board; and
- vi. such other officer as may be prescribed.

"Nomination and Remuneration Committee" shall mean a Committee of Board of Directors of the Company, constituted in accordance with the provisions of Section 178 of the Companies Act, 2013 and Regulation 19 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

"Policy or This Policy" means, "Policy for Remuneration of Directors, Key Managerial Personnel and Other Employees".

"Remuneration" means any money or its equivalent given or passed to any person for services rendered by him and includes perquisites as defined under the Income-tax Act, 1961.

“Senior Management” shall mean officers/personnel of the listed entity who are members of its core management team excluding board of directors and normally this shall comprise all members of management one level below the [“chief executive officer/managing director/whole time director/manager (including chief executive officer/manager, in case they are not part of the board) and shall specifically include company secretary and chief financial officer.]

“Other employees” means, all the employees other than the Directors, KMPs and the Senior Management Personnel.

3. REMUNERATION TO THE DIRECTORS:

The Company strives to provide fair compensation to Directors, taking into consideration industry benchmarks, Company's performance vis-à-vis the industry, responsibilities shouldered, performance/track record, macroeconomic review on remuneration packages of heads of other organizations.

The remuneration payable to the Directors of the Company shall at all times be determined, in accordance with the provisions of Companies Act, 2013.

4. APPOINTMENT AND REMUNERATION OF MANAGING DIRECTOR AND WHOLE TIME DIRECTOR:

The terms and conditions of appointment and remuneration payable to the Managing Director and Whole-time Director(s) shall be recommended by the Nomination and Remuneration Committee to the Board for its approval which shall be subject to approval by Shareholders at the next general meeting of the Company and by the Central Government in case such appointment is at variance to the conditions specified in Schedule V to the Companies Act, 2013. Approval of the Central Government is not necessary if the appointment is made in accordance with the conditions specified in Schedule V to the Act.

In terms of the provisions of Companies Act, 2013, the Company may appoint a person as its Managing Director or Whole-time Director for a term not exceeding 5 (five) years at a time.

The executive directors may be paid remuneration either by way of a monthly payment or at a specified percentage of the net profits of the Company or partly by one way and partly by the other.

The break-up of the pay scale, performance bonus and quantum of perquisites including, employer's contribution to Provident Fund, pension scheme, medical expenses, club fees etc. shall be decided and approved by the Board on the recommendation of the Committee and shall be within the overall remuneration approved by the Shareholders and Central Government, wherever required.

While recommending the remuneration payable to the Managing Director/ Whole-time Director(s), the Nomination and Remuneration Committee shall, inter alia, have regard to the following matters:

- ● Financial and operating performance of the Company
- ● Relationship between remuneration and performance
- ● Industry/ sector trends for the remuneration paid to executive directors

Annual Increments to the Managing Director/ Whole Time Director(s) shall be within the slabs approved by the shareholders. Increments shall be decided by the Nomination and Remuneration Committee at times it desires to do so but preferably on an annual basis.

5. INSURANCE PREMIUM AS PART OF REMUNERATION:

Where any insurance is taken by the Company on behalf of its Managing Director, Whole-time Director, Manager, Chief Executive Officer, Chief Financial Officer or Company Secretary for indemnifying any of them against any liability in respect of any negligence, default, misfeasance, breach of duty or breach of trust for which they may be guilty in relation to the company, the premium paid on such insurance shall not be treated as part of the remuneration payable to any such personnel.

However, if such person is proved to be guilty, the premium paid on such insurance shall be treated as part of the remuneration.

6. REMUNERATION TO INDEPENDENT DIRECTORS:

Independent Directors may receive remuneration by way of

- ● Sitting fees for participation in the Board and other meetings;
- ● Reimbursement of expenses for participation in the Board and other meetings;
- ● Commission as approved by the shareholders of the Company.

Independent Directors shall not be entitled to any stock options.

Based on the recommendation of the Nomination and Remuneration Committee, the Board may decide the sitting fee payable to Independent Directors, but the amount of such sitting fees shall not exceed the maximum limit permissible under the Companies Act, 2013.

7. REMUNERATION TO DIRECTORS IN OTHER CAPACITY:

The remuneration payable to the directors including Managing Director or Whole-time Director or Manager shall be inclusive of the remuneration payable for the services rendered by him/her in any other capacity except the following:

- a) the services rendered are of a professional nature; and
- b) In the opinion of the Nomination and Remuneration Committee, the Director possesses the requisite qualification for the practice of the profession.

8. EVALUATION OF THE DIRECTORS:

As members of the Board, the performance of the individual Directors as well as the performance of the entire Board and its Committees is required to be formally evaluated annually.

Section 178(2) of the Companies Act, 2013 also mandates the Nomination and Remuneration Committee to carry out evaluation of every director's performance.

In developing the methodology to be used for evaluation on the basis of best standards and methods meeting international parameters, the Board / Committee may take the advice of an independent professional consultant.

9. NOMINATION AND REMUNERATION OF THE KEY MANAGERIAL PERSONNEL (OTHER THAN MANAGING DIRECTOR/ WHOLE-TIME DIRECTORS), KEY-EXECUTIVES AND SENIOR MANAGEMENT:

The executive management of a Company is responsible for the day to day management of the Company. The Companies Act, 2013 has used the term "Key Managerial Personnel" to define the executive management. The Key Managerial Personnel's are the point of first contact between the Company and its stakeholders. While the Board of Directors are responsible for providing the oversight, it is the Key Managerial Personnel and the Senior Management who are responsible for not just laying down the strategies as well as its implementation.

The Companies Act, 2013 has for the first time recognized the concept of Key Managerial Personnel.

Among the Key Managerial Personnel's, the remuneration of the CEO or the Managing Director and the Whole-time Director(s), shall be governed by the Section on Remuneration of the Directors of this Policy dealing with "Remuneration of Managing Director and Whole-time- Director".

Apart from the Directors, the remuneration of all the other Key Managerial Personnel's such as the Chief Financial Officer, Company Secretary or any other officer that may be prescribed under the statute from time to time; and "Senior Management" of the Company defined in the Regulation 16(1)(d) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, shall be determined for the Key Managerial Personnel/s and Senior Management of the Company in consultation with the Managing Director and/ or the Whole-time Director (Finance).

The remuneration determined for all the above said senior personnel shall be in line with the Company's philosophy to provide fair compensation to Key-Executive Officers based on their performance and contribution to the Company and to provide incentives that attract and retain key executives, instill a long-term commitment to the Company, and develop a pride and sense of Company ownership, all in a manner consistent with shareholder interests.

The break-up of the pay scale and quantum of perquisites including, employer's contribution to Provident Fund, pension scheme, medical expenses etc. shall be decided for the Company's Key Managerial Personnel/s.

Decisions on Annual Increments of the Senior Personnel shall be decided by the Human Resources Department in consultation with the Managing Director and/ or the Whole-time Director (Finance) of the Company.

10. REMUNERATION OF OTHER EMPLOYEES:

Apart from the Directors, KMPs and Senior Management, the remuneration for rest of the employees is determined on the basis of the role and position of the individual employee including professional experience, responsibility, job complexity and local market conditions.

The Company considers it essential to incentivize the workforce to ensure adequate and reasonable compensation to the staff. The Key Managerial Personnel/s shall ensure that the level of remuneration motivates and rewards high performers, who perform according to set expectations for the individual in question.

The various remuneration components, basic salary, allowances, perquisites etc. may be combined to ensure an appropriate and balanced remuneration package.

The annual increments to the remuneration paid to the employees shall be determined based on the annual appraisal carried out by the Head of Departments of various departments.

Decision on annual increments shall be made on the basis of this annual appraisal.

11. REVIEW AND AMENDMENT:

Any or all the provisions of this Policy would be subject to the revision/ amendment in the Companies Act, 2013, related rules and regulations, guidelines and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, on the subject as may be notified from time to time. Any such amendment shall automatically have the effect of amending this Policy without the need of any approval by the Nomination and Remuneration Committee and/or the Board of Directors.

Management Discussion & Analysis Report

MANAGEMENT'S DISCUSSION & ANALYSIS REPORT

FINANCIAL YEAR 2022-23 AT A GLANCE

ECONOMIC OVERVIEW

GLOBAL

The world economy seemed to be on the verge of a gradual recovery from the pandemic and shock created by Russia's invasion of Ukraine by the end of 2022. However, the after effects of such events led to stressed financial markets and consistently high inflation across all ranges of commodities. Gradually, inflation has returned to target levels due to the widespread and synchronised tightening of monetary policy by the majority of central banks.

Due to the escalating inflation rates, several central banks have embarked on a course of action to increase interest rates. Notably, the US Federal Reserve responded by raising interest rates 10 times in a span of 14 months, resulting in a rate of 5.25%, the highest level observed in 16 years, in an endeavour to stabilize prices. Similarly, the European Central Bank opted to raise rates for the first time in 11 years.

In India, retail inflation, as indicated by the Consumer Price Index, attained an eight-year peak in April 2022 and consistently exceeded the upper tolerance threshold of 6.0% set by the Reserve Bank of India (RBI) for a significant portion of the year. The Monetary Policy Committee (MPC) of the RBI took a unanimous decision during an off-cycle meeting in May 2022 to increase the repo rate by 40 basis points. Subsequently, additional rate hikes were implemented, culminating in the sixth continuous rate hike since May 2022. In aggregate, the repo rate was raised by 250 basis points during the fiscal year 2023, reaching a level of 6.5%. Meanwhile, the reverse repo rate remained unchanged at 3.35%. Consequently, retail inflation subsided to a 15-month low of 5.66% in March 2023. In April 2023, the MPC maintained the repo rate at 6.5% while affirming its commitment to a gradual withdrawal of accommodative measures.

The global economy is anticipated to grow by 2.8% in 2023 and 3.0% in 2024, as compared to 3.4% in 2022. There are indications that the tightening of monetary policy is beginning to dampen demand and inflation, but its full impact is unlikely to be realised until 2024.

The International Monetary Fund (IMF) revised India's growth forecast for FY 2024 to 5.9% from its previous estimate of 6.1%, citing a slowdown in domestic consumption and challenging external conditions. Additionally, the IMF reduced India's growth forecast for FY 2025 by 50 basis points to 6.3%. Despite these downward revisions, India will still maintain its position as one of the fastest-growing major economies globally. The Indian economy has demonstrated remarkable resilience in the face of the deteriorating global situation due to strong macroeconomic fundamentals. Steps to promote ease of doing business, skilled manpower, presence of natural resources, liberal FDI policies, huge domestic market and prospects of healthy GDP growth have made India an attractive destination for foreign investors. Thus, going forward, India is expected to see relatively stronger growth.

INDIAN ECONOMY OVERVIEW

India's economic activity has remained consistent despite extensive global uncertainty and it is in a considerably stronger position than the majority of other economies. Strong investment activity, bolstered by the government's capital expenditure drive, and stable private consumption, especially among upper income earners, aided the growth of the Indian economy.

However, persistently escalating inflationary pressures and longer-term forecasts of higher interest rates may impact the global economy, dragging India's economic growth trajectory downward. According to the NSO's second advance estimates, India's GDP is anticipated to increase by 7.0% in FY 2022-23 as compared to the 9.1% growth witnessed in FY 2021-22, making it one of the major economies with the fastest growth.

On the other hand, prolonged geopolitical tensions, tightening global financial conditions, and weakening external demand may continue to pose threats to domestic output growth. The RBI's (Reserve Bank of India) SPF (Survey of Professional Forecasters) report has projected that India's real GDP will grow by 6% in FY 2023-24.

Indian markets had a quiet FY2023 with major indices closing flat. The year started with ongoing Russia-Ukraine geopolitical tensions, accelerated monetary tightening by major central banks, volatility in commodity prices etc. Equity markets, which were down during the first quarter, bounced back with Sensex and Nifty achieving an all-time high of 63,284 and 18,812 respectively in the month of December 2022. The key factors that supported the bullish run were relative strong domestic growth, robust corporate earnings, optimistic growth outlook. Sensex and Nifty closed at 58,992 and 17,360 respectively in March 2023, down from all-time high due to US banking crisis where multiple banks were declared insolvent. Still, India was the second-best equity market performer among the emerging markets in FY2023 after South Africa.

INDUSRTY STRUCTURE AND DEVELOPMENTS

The COVID-19 outbreak has low impact on growth of the stockbroking industry as adoption of stock market trading solutions has increased in the face of unprecedented circumstances. Moreover, software development witnessed a considerable increase in the fluctuating demands for cybersecurity during pandemic. As a result, the stockbroking industry started using various technologies such as AI and ML for predicting the stocks behavior. This in turn boosted the growth of stockbroking industry during the pandemic.

The brokerage industry in India is transitioning to a fee-based model, from the earlier transaction-based one. With this shift, brokers are now offering new services, including investment and wealth management advisory.

There is also an increased focus on fund-based activities, such as margin funding. This is helping broker firms generate sustainable earnings. They are also expanding the range of products and services to strengthen client relationships.

The industry gained popularity owing to a significant increase in trading activities. The financial brokerage market operates through different business verticals, such as full-service, discount, and hybrid brokerage.

Factors such as rise in demand for reliable, fast and effective order execution; emergence of favorable government regulations; and need for market surveillance primarily drive growth of the global stockbroking market. In addition, rise in demand for prevention of losses fuel demand for stockbroking. However, insufficient risk valuation capabilities may hamper the market growth to some extent. On the other hand, emergence of AI and algorithms in the financial services is expected to provide lucrative opportunities for the market growth during the forecast period. In addition, rise in demand for cloud-based solutions is anticipated to be opportunistic for the market growth during the forecast period.

INDO THAI OVERVIEW

(Trade with confidence)

Indo Thai Securities Limited ("Indo Thai") established as a stock broking company in year 1995, commenced its journey with a vision to build an empire with high quality growth business in financial services. Ever since our inception, our strategy has been to align capabilities and market insights to country's rapidly changing business environment. Today, Indo Thai is one of the leading broking company across central India. Our focus on self - defined rules of good behavior has contributed significantly to growth. Over the last 28 Years we have experienced various growth phases in our journey. Our client centricity has enabled us to emerge as a symbol of dependability, trust and confidence. We have come this far solely based on our core values serving as moral compass in our dealings.

OPPORTUNITIES

The industry offers varied opportunities for the company to maintain growth. The Company continues to take efforts to identify opportunities in various types of products, technological initiatives, and competitive advantage and deploys efforts and resources that may be required.

- The number of retail investors has increased during the lockdown as people started working from home. Low prices of stocks gave new investors an opportunity to enter markets, while people who are working from home also had time to explore trading in equities. Low deposit rates in banks also brought new investors looking for higher returns compared to other asset classes;
- Emerging trends in technology has also opened up new ways for future growth. Consequently, we further plan to train our employees through Artificial Intelligence and Machine Learning mechanisms;

- Insurance and Investment Penetration is rising in rural areas;
- Focus on financial inclusion by the government, channelizing the untapped savings currently lying in the form of bank deposits and change in attitude from safeguarding wealth to growing wealth will also enhance the participation of investors across segments thereby proliferating the prospects of Equity Brokerage business;
- Earning Urban Youth and increased formal market job opportunities;
- Growing purchasing power of financially middle-class investors are interested in more investment opportunities;
- Favorable demographics of Indian capital markets like growing middle class and larger younger population with disposable income and investible surplus focused on wealth creation will offer opportunities for our Wealth Management and Mutual Fund Distribution business

THREATS

The company constantly monitors the threats from competition, industry and takes steps to maintain/enhance existing competence.

- Market trends making other assets relatively attractive investment avenues;
- Systematic and non-systematic risks; Security market risks are of two types: Systematic (non-diversifiable) and non-systematic (diversifiable) risks. Individual companies do not have any control over systematic risks. Non-systematic risks basically fall in the company or industry-specific risk category. Non-systematic risks can be tackled by holding a portfolio that contains multiple stocks from different sectors. This is the reason why market experts include stock specific risks;
- Increased intensity of competition from local and global players;
- Inflationary pressures and reduction in household savings in financial products is another threat to the sector;
- In financial services industry, security and sanctity of client data is of utmost importance. There exists a regular threat for firm data theft via malicious malwares and emails. Cyber-attacks are getting larger in scale and size, even to the extent of co-ordinated attack from different geographies.
- If the current tight liquidity situation does not normalize soon, it could affect the natural growth of the complete sector;
- Changes in regulatory environment can adversely affect the business. Sudden changes may pose operational challenges;
- Slower than expected recovery of macro-economy, domestically as well as globally and inability of government to push through major economic reforms can delay the return of growth.
- Technology and discount brokerage.

BUSINESS OUTLOOK

Indo Thai remain focused on operating excellence executing our projects and enhancing shareholder value. The industry will focus on more stable borrowing, improving the cost of this borrowing will be a key factor in value creation.

Indo Thai was successfully able to navigate all the dislocations in the market and continued to manage its financial market risks prudently.

As we contemplate in the matter of Indo Thai Securities Limited, in the preparation for the next phase of growth we see a lot of opportunities but, at the same time this demands a lot of dedication and efficiency. We believe in empowering our people with the best available facilities such as Technological upgradation and Institutional client to build a workforce ready for the future.

RISKS & CONCERNS

Risk management entails identifying, assessing and prioritizing risks. Once threats in a company have been identified, assessed and prioritized, resources are used to control and reduce the likelihood that the identified risk occurs. Risk Management is an integral part of yearly business plan at Indo Thai. It is valued as an important tool for organization's risk assessment. This process helps us identify variables (risks and opportunities) to which the Company may be exposed - internal or external, or emerging.

Risk management at Indo Thai involves both 'top-down' and 'bottom-up' approaches for assessing risks/ opportunities, which is then consolidated/calibrated to get an overview of the entire organization.

The Risk Management Committee is chaired by Mr. Parasmal Doshi. The Committee reviews, analysis and discusses the risk trends, exposure and potential impact (including sustainability and information security related risks).

Key risks:

The risk factors that can be specifically identified with our business operations are as outlined below:

1. Regulatory and Compliance Risks:

The Company is exposed to risks attached to various statutes, law and regulations. The Company is mitigating these risks through internal as well as external compliance audits. Any non-compliance pertaining to regulations may result in considerable penalties and harms the reputation of the Company.

Mitigation: The Company has implemented compliance management system capable of effectively tracking and managing regulatory and internal compliance requirements. Our legal and regulatory specialists are heavily involved in monitoring and reviewing our practices to provide reasonable assurance that we remain aware of and are in line with all relevant laws and legal obligations.

2. Operational Risk:

These risks arise from the failure of the systems, people and processes. The rapid development in financial services business may increase such risks.

Mitigation: The Company maintains a system of internal controls designed to provide high degree of assurance regarding the effectiveness and efficiency of operations, the adequacy of safeguards for assets, the reliability of financial controls and compliance with applicable laws and regulations.

3. Market Risks:

The financial sector is affected by variety of factors linked to domestic, economic progress and global developments. Equity brokerage is the major source of revenue for the Company. Therefore, any changes in the market sentiment can highly affect the trading volumes and revenues for the Company.

Mitigation: The Company has diversified its revenue streams across multiple businesses including mutual funds and wealth management services in order to mitigate such risks.

4. Competition Risks:

The Company is exposed to tremendous competition at national level. Entry of discount broking houses has also affected other financial broking companies in the industry.

Mitigation: Diversified and innovative services are offered to keep the clients and other stakeholders intact as well as continuous research and development helps in mitigating the competition risk.

5. Financial Risks:

Maintaining flexible cost structure for protecting profitability in a market downturn and other related factors exposes the Company to financial risks. Change in policies of the government of India may adversely impact our business and prospects.

Mitigation: The risk framework makes definite that risks are monitored and timely actions are taken for every potential violation. Additionally, the asset liability mismatch and margin utilizations are regularly assessed along with close monitoring of liquidity requirements to maintain sufficient liquidity for uncertainties.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Indo Thai has an effective internal control and risk - mitigation system which are constantly assessed and strengthened with new/revised standard operating procedures.

Internal control review is an overall assessment of the internal control system and its adequacy of each business area to address the relevant risks. Through control review, an organization's resources are directed, monitored, and measured in an effective manner. It plays an important role in protecting the organization's tangible and intangible resources.

To create an effective internal control system, your Company established the following:

- Policies and procedures including, among others, organizational structure, job descriptions;
- Segregation of duties and responsibilities;
- Authorization and approval process;
- Performance monitoring and control procedures;
- Safeguarding assets, completeness and accuracy;
- Manpower management;
- Independent internal audit function;
- Regulatory compliance and risk management.

Internal Control Systems are implemented:

1. To safeguard the Company's assets from loss or damage.
2. To keep constant check on cost structure.
3. To provide adequate financial and accounting controls and implement accounting standards.

The system is improved and modified according to the changes in dynamic business condition, statutory and accounting requirements. Internal controls are adequately supported by Internal Audit and periodic review by the management.

The Audit Committee of the company meets periodically to review - Financial statements, with the management and statutory auditors. Adequacy/scope of internal audit function, significant findings and follow-up thereon of any abnormal nature, with the internal auditors.

The establishment of an effective corporate governance and internal control system is essential for sustainable growth and long-term improvements in corporate value, and accordingly INDO THAI works to strengthen such structures. We believe that a strong internal control framework is an important pillar of Corporate Governance. The current system of Internal Financial Controls is aligned with the requirement of the Companies Act, 2013 and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

The material information about the Company are promptly provided to all its Stakeholders through its website www.indothai.co.in where by enhanced level of information system security controls and monitoring systems are integrated.

DEVELOPMENTS IN HUMAN RESOURCES

At Indo Thai, our relentless focus is on attracting, retaining and nurturing the best of talents to lead the organization towards achieving its strategic goals. We ensure a work culture free of discrimination and bias and provide equal opportunity to all.

In the past, training was the only planned way of developing human resources. But now Human Resource Development (HRD) has emerged as an interdisciplinary and integrated approach to the development of human resources.

In the organizational context, human resource development may be described as a continuous and planned process by which employees of an organization are helped to:

(a) Acquire or sharpen capabilities required to perform various functions associated with their present or expected future roles.

(b) Develop their general capabilities as individuals and discover and exploit their own inner potential for their own and/or organizational development purpose.

(c) Develop an organizational culture in which superior-subordinate relationships, teamwork and collaboration among sub-units are strong and contribute to the professional well-being, motivation and pride of employees.

HRD for Indo Thai in brief is transformation of potential human resources into kinetic human resources for optimization of the potential capacity of employees. Human rather than capital is the key to development. HRD is needed by any organization that wants to grow continuously.

The scope of HRD is not limited to the development of the organizational role of the employees but extends to the individual's inner feelings, genius and latent potentialities of those working in the organization. Individuals in an organization have unlimited potential for growth and development and this can be multiplied and channelized through systematic efforts. The company views human resources as the total knowledge, skills, creative, abilities, talents and aptitudes of an organization's workforce as well as the values, attitudes and beliefs of the individual involved.

The highest standards of safety and precautionary measures were established, Work From Home concept was initiated wherever possible. In order to uphold the values of ethical conduct and compliance, the Company ensured all employees followed a detailed and structured training and awareness to familiarize themselves with the standards and expectations on ethics. During these difficult times, the Company reached out to the disadvantaged and weaker sections of society and provided assistance through our CSR program. The Indo Thai family consists of 64 employees including 5 Key Managerial Personnel.

Standalone Financial Statements

INDEPENDENT AUDITOR'S REPORT

To
The Members of Indo Thai Securities Limited
(CIN No. L67120MP1995PLC008959)

Opinion

We have audited the standalone Ind AS financial statements of **Indo Thai Securities Limited** ("the Company"), which comprise the Balance Sheet as at **March 31, 2023**, the Statement of Profit and Loss (including other comprehensive income), Statement of Changes in Equity and Statement of Cash Flows for the year ended and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, profit, total comprehensive income, changes in equity and cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. There is no key audit matter to be communicated in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate

internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the annual financial statements that individually or in aggregate, make it probable that the economic decisions of reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning to scope our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

i. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in **"Annexure A"** a statement on the matters specified in paragraphs 3 and 4 of the Order.

ii. As required by Section 143(3) of the Act, we report that:

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the financial statements.

b. In our opinion, proper books of accounts as required by law have been kept by the Company so far as it appears from our examination of those books.

c. The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of accounts maintained for the purpose or preparation of the financial statements.

d. In our opinion, the aforesaid financial statements comply with the Ind AS specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

e. The company has not informed about the presence of any operational Branch which requires Audit u/s 143(8) of the Act.

f. On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act.

g. On the basis of the examination if the Books of accounts and other records shown to us for the purpose of the Audit and other such documents asked during the course of the Audit, The Auditor has no observation or adverse comment, apart from those mentioned in the relevant paras if any, on the financial transactions or matters which may have any adverse effect on the functioning of the company.

h. On the basis of the examination of the Books of Account and other records shown to us for the purpose of the Audit and other such documents asked during the course of the Audit, we found no material reason to report any qualification, reservation or adverse remark relating to the maintenance of accounts and other matters connected therewith, apart from the matters already mentioned in the relevant paras, if any.

i. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure-B".

j. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has no pending litigations on its financial position in its Standalone Financial Statements;

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

iii. The Company has transferred of Rs. 55,123/- to the Investor Education and Protection Fund during the year.

- k. i. The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes of the accounts, no funds have been advanced or loans or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or provide any guarantee, security or the like on behalf of ultimate beneficiaries;
- ii. The management has represented that, to the best of its knowledge and belief, no funds have been received by the company from any person(s) or entities, including foreign entities ("Funding Parties"), with the understanding whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly lend or invest in other persons or entities identified in any manner by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of ultimate beneficiaries; and
- iii. Based on audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material misstatement
- l. As stated in the financial statement:
- i. The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with section 123 of the Companies Act, 2013 to the extent it applies to payment of dividend.
- ii. The Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act as applicable.
- m. As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 is mandatory only w.e.f April 1, 2023, for the Company, reporting under this clause is not applicable.
- n. With respect to the matter to be included in the Auditors' Report under section 197(16) of the Act, as amended:
- In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its managing director during the year is in accordance with the provisions of section 197 of the Act.

Annexure “B” to the Independent Auditors' Report of even date on the Standalone Financial Statements of Indo Thai Securities Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Indo Thai Securities Limited** (“the Company”) as of **March 31, 2023** in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing (the “Standards”), issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023 based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO STANDALONE FINANCIAL STATEMENTS

For the year ended March 31, 2023

Corporate Information

Indo Thai Securities Limited ("ITSL" or the "Company") carries on the business as stock and share brokers on the National Stock Exchange of India Limited ("NSE") and the BSE Limited ("BSE"); depository participants and other related ancillary services. On September 14, 1995 ITSL received a certificate of registration from the Securities and Exchange Board of India ("SEBI") under sub-section 1 of section 12 of the Securities and Exchange Board of India Act, 1992 to carry on the business as a stock broker. Accordingly, all provisions of the Securities and Exchange Board of India Act, 1992, and Rules and Regulations relating thereto are applicable to the Company. On November 2, 2011, the Equity shares of the Company were listed on the NSE and the BSE.

1. Significant Accounting Policies

a) Basis of Accounting and Preparation of Financial Statements

The financial statement for the year ended March 31, 2023 has been prepared in accordance with Indian Accounting Standard ('Ind AS'). The Company is covered under the definition of NBFC and the Ind AS is applicable under Phase II as defined in notification dated March 30, 2016 issued by Ministry of Corporate Affairs (MCA), since the company is a listed company.

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under Sec 133 of the Companies Act ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015.

These Financial Statements of the Company are presented as per Schedule III (Division III) of the Companies Act, 2013 applicable to NBFCs, as notified by the Ministry of Corporate Affairs (MCA). These Financial Statements of the Company are presented in Indian Rupees ("INR"), which is also the Company's functional currency and all values are rounded to nearest Lacs upto two decimal places, except otherwise indicated.

The Standalone financial statements for the year ended March 31, 2023 are being authorised for issue in accordance with a resolution of the directors on May 23, 2023.

b) Use of Estimates

The preparation of the financial statements in conformity with Ind AS requires that management make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities as of the date of the financial statements and the income and expense for the reporting period. The actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

The Company makes certain judgments and estimates for valuation and impairment of financial instruments, fair valuation of employee stock options, useful life of property, plant and equipment, deferred tax assets and retirement benefit obligations. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable.

c) Revenue Recognition

- i. Revenue from brokerage activities is accounted for on the exchange settlement date of the transaction.
- ii. Revenue from issue management, debt syndication, financial advisory services etc., is recognized based on the stage of completion of assignments and terms of agreement with the client.
- iii. Gains/losses on dealing in securities are recognized on the exchange settlement date of the transaction.
- iv. Interest income is recognized using the effective interest rate method.
- v. Revenue from dividend is recognized when the right to receive the dividend is established.

d) Property, Plant and Equipment (PPE)

Measurement at recognition:

- i. Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Subsequent costs are included in the asset's carrying amount.
- ii. All property, plant and equipment are initially recorded at cost. Cost comprises acquisition cost, borrowing cost if capitalization criteria are met, and directly attributable cost of bringing the asset to its working condition for the intended use.
- iii. Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefit associated with these will flow with the Company and the cost of the item can be measured reliably.
- iv. Any gain or loss on disposal of an item of property, plant and equipment is recognized in statement of profit and loss.

Depreciation:

- i. Depreciation provided on property, plant and equipment is calculated on a Written-Down-Value (WDV) basis using the rates arrived at based on the useful lives estimated by management.
- ii. Depreciation on assets is provided on a Written Down Method as per the rates prescribed in Schedule II to the Companies Act, 2013. Depreciation on additions to fixed assets is provided on a pro-rata basis from the date the asset is available for use. Depreciation on sale / deduction from fixed assets is provided for up to the date of sale / deduction / scrapping, as the case may be.
- iii. The residual values, estimated useful lives and methods of depreciation of property, plant and equipment are reviewed at the end of each financial year and changes if any, are accounted for on a prospective basis.

Capital Work in Progress:

- i. Cost of the assets not ready for intended use, as on reporting date, is shown as capital work in progress. Advances given towards acquisition of fixed assets outstanding at each reporting date are shown as other non-financial assets.
- ii. Depreciation is not recorded on capital work- in-progress until construction and installation is completed and assets are ready for its intended use.

Derecognition:

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an item of property, plant and equipment is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognized in the Statement of profit and Loss when the item is derecognized.

e) Intangible Assets:

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization.

Amortisation

Amortisation is calculated using the straight-line method to write down the cost of intangible assets to their residual values over their estimated useful lives and is included in the depreciation and amortization in the statement of profit and loss.

Intangible asset	Useful life / Amortisation Period
Computer software	3 years

f) Financial instruments

The Company recognizes all the financial assets and liabilities at its fair value on initial recognition; In the case of financial assets not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset are added to the fair value on initial recognition. The financial assets are accounted on a trade date basis.

For subsequent measurement, financial assets are categorised into:

Amortised cost: The Company classifies the financial assets at amortised cost if the contractual cash flows represent solely payments of principal and interest on the principal amount outstanding and the assets are held under a business model to collect contractual cash flows. The gains and losses resulting from fluctuations in fair value are not recognised for financial assets classified in amortised cost measurement category.

Fair value through other comprehensive income (FVOCI): The Company classifies the financial assets as FVOCI if the contractual cash flows represent solely payments of principal and interest on the principal amount outstanding and the Company's business model is achieved by both collecting contractual cash flow and selling financial assets. In case of debt instruments measured at FVOCI, changes in fair value are recognised in other comprehensive income. The impairment gains or losses, foreign exchange gains or losses and interest calculated using the effective interest method are recognised in profit or loss. On de-recognition, the cumulative gain or loss previously recognised in other comprehensive income is re- classified from equity to profit or loss as a reclassification adjustment. In case of equity instruments irrevocably designated at FVOCI, gains / losses including relating to foreign exchange, are recognised through other comprehensive income. Further, cumulative gains or losses previously recognised in other comprehensive income remain permanently in equity and are not subsequently transferred to profit or loss on derecognition.

Fair value through profit or loss (FVTPL): The financial assets are classified as FVTPL if these do not meet the criteria for classifying at amortised cost or FVOCI. Further, in certain cases to eliminate or significantly reduce a measurement or recognition inconsistency (accounting mismatch), the Company irrevocably designates certain financial instruments at FVTPL at initial recognition. In case of financial assets measured at FVTPL, changes in fair value are recognised in profit or loss.

Profit or Loss on sale of investments is determined on the basis of first-in-first-out (FIFO) basis.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non- financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarized below:

Level 1 - The fair value hierarchy have been valued using quoted prices for instruments in an active market.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs that are unobservable. This category includes all instruments for which the valuation technique includes inputs that are not observable and the unobservable inputs have a significant effect on the instrument's valuation.

Impairment of financial assets: In accordance with Ind AS 109, the Company applies Expected Credit Loss model (ECL) for measurement and recognition of impairment loss. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. At each reporting date, the Company assesses whether the loans have been impaired. The Company is exposed to credit risk when the customer defaults on his contractual obligations. For the computation of ECL, the loan receivables are classified into three stages based on the default and the aging of the outstanding.

If the amount of an impairment loss decreases in a subsequent period, and the decrease can be related objectively to an event occurring after the impairment was recognised, the excess is written back by reducing the loan impairment allowance account accordingly. The write-back is recognised in the statement of profit and loss.

For subsequent measurement, financial liability are categorised into:

All financial liabilities are initially recognised at fair value net of transaction cost that are attributable to the separate liabilities. All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

Financial liabilities that are not held-for- trading and are not designated as at FVTPL are measured at amortised cost. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost of a financial liability.

Equity instruments:

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Derecognition:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid is recognised in the Statement of Profit and Loss.

g) Employee Benefits

Gratuity

The Company pays gratuity, a defined benefit plan, to its employees who retire or resign after a minimum period of five years of continuous service. The Company makes contributions to the LIC Employees Gratuity Fund which is managed by Life Insurance Company Limited (LIC) for the settlement of gratuity liability.

A defined benefit plan is a post- employment benefit plan other than a defined contribution plan. The Company's net obligation in respect of the defined benefit plan is calculated by estimating the amount of future benefit that employee has earned in exchange of their service in the current and prior periods and discounted back to the current valuation date to arrive at the present value of the defined benefit obligation. The defined benefit obligation is deducted from the fair value of plan assets, to arrive at the net asset / (liability), which need to be provided for in the books of accounts of the Company.

As required by the Ind AS19, the discount rate used to arrive at the present value of the defined benefit obligations is based on the Indian Government security yields prevailing as at the balance sheet date that have maturity date equivalent to the tenure of the obligation.

The calculation is performed by a qualified actuary using the projected unit credit method. When the calculation results in a net asset position, the recognized asset is limited to the present value of economic benefits available in form of reductions in future contributions.

Remeasurements arising from defined benefit plans comprises of actuarial gains and losses on benefit obligations, the return on plan assets in excess of what has been estimated and the effect of asset ceiling, if any, in case of over funded plans. The Company recognizes these items of remeasurements in other comprehensive income and all the other expenses related to defined benefit plans as employee benefit expenses in their profit and loss account.

When the benefits of the plan are changed, or when a plan is curtailed or settlement occurs, the portion of the changed benefit related to past service by employees, or the gain or loss on curtailment or settlement, is recognized immediately in the profit or loss account when the plan amendment or when a curtailment or settlement occurs.

Provident Fund

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company is statutorily required to contribute a specified portion of the basic salary of an employee to a provident fund as part of retirement benefits to its employees. The contributions during the year are charged to the statement of profit and loss.

h) Borrowing costs

Borrowing costs include interest expense as per the effective interest rate (EIR) and other costs incurred by the Company in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of those tangible fixed assets which necessarily take a substantial period of time to get ready for their intended use are capitalized. Other borrowing costs are recognized as an expense in the year in which they are incurred.

i) Foreign exchange transactions

The functional currency and the presentation currency of the Company is Indian Rupees. Transactions in foreign currency are recorded on initial recognition using the exchange rate at the transaction date. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date. Exchange differences arising on the settlement or translation of monetary items are recognized in the statement of profit and loss in the period in which they arise.

Assets and liabilities of foreign operations are translated at the closing rate at each reporting period. Income and expenses of foreign operations are translated at monthly average rates. The resultant exchange differences are recognized in other comprehensive income in case of foreign operation whose functional currency is different from the presentation currency and in the statement of profit and loss for other foreign operations. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

j) Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As per the requirements of Ind AS 116 the company evaluates whether an arrangement qualifies to be a lease. In identifying a lease the company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

Right of Use Assets

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located.

The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the written down value method from the commencement date over the lease term. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable and impairment loss, if any, is recognised in the statement of profit and loss.

Company has recognised lease hold land as right of use asset and depreciated over its lease term.

Lease Liability

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole.

The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications. The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

Operating leases

The Company has also used the practical expedient provided by the standard when applying Ind AS 116 to leases previously classified as operating leases under Ind AS 17 and therefore, has not reassessed whether a contract, is or contains a lease, at the date of initial application, relied on its assessment of whether leases are onerous, applying Ind AS 37 immediately before the date of initial application as an alternative to performing an impairment review, excluded initial direct costs from measuring the right-of-use asset at the date of initial application and used hindsight when determining the lease term if the contract contains options to extend or terminate the lease. The Company has used a single discount rate to a portfolio of leases with similar characteristics.

Company as a lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 Revenue from contracts with customers to allocate the consideration in the contract.

Short-term leases and leases of low-value assets

The Group has elected by class of underlying asset to not recognise right of use assets and lease liabilities for short term leases that have a lease term of 12 months or less and leases for which the underlying asset is of low value.

k) Income tax

The income tax expense comprises current and deferred tax incurred by the Company. Income tax expense is recognised in the income statement except to the extent that it relates to items recognised directly in equity or OCI, in which case the tax effect is recognised in equity or OCI. Income tax payable on profits is based on the applicable tax laws in each tax jurisdiction and is recognised as an expense in the period in which profit arises. Current tax is the expected tax payable/receivable on the taxable income or loss for the period, using tax rates enacted for the reporting period and any adjustment to tax payable/receivable in respect of previous years.

Current tax assets and liabilities are offset only if, the Company:

- a) The entity has legally enforceable right to set off the recognized amounts; and
- b) Intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purpose and the amounts for tax purposes.

Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised, for all deductible temporary differences, to the extent it is probable that future taxable profits will be available against which deductible temporary differences can be utilised. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset only if:

- c) The entity has legally enforceable right to set off current tax assets against current tax liabilities; and
- d) The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

The tax effects of income tax losses, available for carry forward, are recognised as deferred tax asset, when it is probable that future taxable profits will be available against which these losses can be set-off.

Additional taxes that arise from the distribution of dividends by the Company are recognised directly in equity at the same time as the liability to pay the related dividend is recognised.

l) Cash and Cash Equivalents

Cash and cash equivalents for the purpose of cash flow statement include cash in hand, balances with the banks and short-term investments with an original maturity of three months or less, and accrued interest thereon.

m) Impairment of non-financial assets

The Company assesses at the reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash- generating unit's ("CGU") fair value less costs of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. Impairment losses are recognised in statement of profit and loss.

n) Provisions

Provision is recognised when an enterprise has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are determined based on management estimates required to settle the obligation at the balance sheet date, supplemented by experience of similar transactions. These are reviewed at the balance sheet date and adjusted to reflect the current management estimates.

o) Contingent Liabilities and Assets

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is termed as a contingent liability. The existence of a contingent liability is disclosed in the notes to the financial statements.

Contingent assets are neither recognised nor disclosed.

p) Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is computed using the weighted average number of equity shares and dilutive potential equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

q) Cash Flow Statement

Cash flow are reported using Indirect Method, where by profit/(loss) before tax is adjusted for the effect of transaction of non cash nature and any deferrals or accruals of past or future cash receipt or payments and items of income or expenses associated with investing or financing cash flow. The cash flow from operating, Investing & financing activities of the company is segregated based on the available information.

The Company has followed simplified method of ECL in case of Trade receivables and the Company recognises lifetime expected losses for all trade receivables that do not constitute a financing transaction. At each reporting date, the Company assesses the impairment requirements.

Other financial assets considered to have a low credit risk:

Credit risk on cash and cash equivalents is limited as we generally invest in deposits with banks and stock exchanges with high credit ratings assigned by international and domestic credit rating agencies. Investments comprise of Quoted Equity instruments and Mutual Funds which are market tradeable.

b) Liquidity Risk

Liquidity represents the ability of the Company to generate sufficient cash flow to meet its financial obligations on time, both in normal and in stressed conditions, without having to liquidate assets or raise funds at unfavourable terms thus compromising its earnings and capital. The Company aims to maintain the level of its cash and cash equivalents and other highly marketable investments at an amount in excess of expected cash outflow on financial liabilities. Funds required for short period is taken care by borrowings through utilizing overdraft facility.

The table below summarises the maturity profile of the undiscounted cash flows of the Company's financial assets and liabilities.

c) Market Risk

Market risk arises when movements in market factors (foreign exchange rates, interest rates and equity prices) impact the Company's income or the market value of its portfolios. The Company, in its course of business, is exposed to market risk due to change in equity prices, interest rates and foreign exchange rates. The objective of market risk management is to maintain an acceptable level of market risk exposure while aiming to maximize returns. The Company classifies exposures to market risk into either trading or non-trading portfolios. Both the portfolios are managed using the following sensitivity analyses:

i) Equity Price Risk

ii) Interest Rate Risk

Fair value hierarchy

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique.

Level 1- The fair value hierarchy have been valued using quoted prices for instruments in an active market.

Level 2- Inputs other than quoted prices included within Level 1 that are observable either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3- Inputs that are unobservable. This category includes all instruments for which the valuation technique includes inputs that are not observable and the unobservable inputs have a significant effect on the instrument's valuation.

The following table summarises financial instruments measured at fair value on recurring basis:

Consolidated Financial Statements

INDEPENDENT AUDITOR'S REPORT

To
The Members
Indo Thai Securities Limited
(CIN No. L67120MP1995PLC008959)

Opinion

We have audited the consolidated Indian Accounting Standards (Ind AS) financial statements of **Indo Thai Securities Limited** ("the Holding Company") and its subsidiary companies (Holding Company and its subsidiary companies together referred to as "the Group"), which comprise the consolidated Balance Sheet as at **March 31, 2023**, the consolidated Statement of Profit and Loss (Including other comprehensive income), consolidated Statement of Changes in Equity and Statement of consolidated Cash Flows for the year then ended and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2023, consolidated profit, total consolidated comprehensive income, consolidated changes in equity and consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the consolidated financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. There is no key audit matter to be communicated in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management's discussion and analysis and Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone and consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Companies Act, 2013 (the Act) that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for

maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements. As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the annual financial statements that individually or in aggregate, make it probable that the economic decisions of reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning to scope our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

a. The consolidated financial results include the audited financial results of subsidiary companies whose financial statements reflect Group's share of consolidated total assets of Rs. 1785.97 Lakh (Previous Year Rs. 138.23 Lakh) as at 31 March 2023, Group's share of consolidated total revenue of Rs. 74.31 Lakh (Previous Year Rs. 37.15 Lakh) and Group's share of consolidated total net loss after tax of Rs. 129.20 (Previous Year Rs. 73.58 Lakh) for the year ended on that date, as considered in the consolidated financial results, which have been audited by us.

b. The consolidated financial results includes the share of associate company Indo Thai Commodities Private Limited whose financial statements reflect total assets of Rs. 259.13 Lakh as at 31 March 2023, Group's share of total asset is Rs. 102.68 Lakh and total Loss Rs. 5.08 Lakh, which is considered in the consolidated financial results, which have been audited by other independent auditor. The independent auditors' reports on financial statements have been furnished to us by the management and our opinion on the consolidated financial results, in so far as it relates to the amounts and disclosures included in respect of these entities, is based solely on the report of such auditor.

Our opinion is not modified in respect of these matters.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, we report that:

a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the consolidated financial statements.

b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.

c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, the Consolidated Statement of changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the books of account maintained for the purpose or preparation of the financial statements.

g. On the basis of the examination if the Books of accounts and other records shown to us for the purpose of the Audit and other such documents asked during the course of the Audit, The Auditor has no observation or adverse comment, apart from those mentioned in the relevant paras if any, on the financial transactions or matters which may have any adverse effect on the functioning of the company.

h. On the basis of the examination of the Books of Account and other records shown to us for the purpose of the Audit and other such documents asked during the course of the Audit, we found no material reason to report any qualification, reservation or adverse remark relating to the maintenance of accounts and other matters connected therewith, apart from the matters already mentioned in the relevant paras, if any.

i. With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure-A**".

j. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

Annexure A to the Independent Auditor's Report of even date on the Consolidated financial Statements of Indo Thai Securities Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our report of the consolidated financial statements of **Indo Thai Securities Limited** (the 'Holding Company') as of and for the year ended **March 31, 2023**, we have audited the internal financial controls over financial reporting of the Holding Company as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary companies are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Parent and its subsidiary companies which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Parent and its subsidiary companies which are companies incorporated in India.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that;

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the Parent and its subsidiary companies which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the criteria for internal financial control over financial reporting established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Unique Document Identification Number (UDIN) for this document is 23436593BGUYWL5096.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the year ended March 31, 2023

(I) Corporate Information

Indo Thai Securities Limited ("ITSL" or the "Company") and its subsidiaries and associates (collectively referred to as the "Group") carries on the business as stock and share brokers on the National Stock Exchange of India Limited ("NSE") and the BSE Limited ("BSE"); depository participants, Real estate and other related ancillary services. On September 14, 1995, ITSL received a certificate of registration from the Securities and Exchange Board of India ("SEBI") under sub-section 1 of section 12 of the Securities and Exchange Board of India Act, 1992 to carry on the business as a stock broker. Accordingly, all provisions of the Securities and Exchange Board of India Act, 1992, and Rules and Regulations relating thereto are applicable to the Company. On November 2, 2011 the Equity shares of the Company were listed on the NSE and the BSE.

(II) Significant Accounting Policies

a) Basis of Accounting and Preparation of consolidated Financial Statements

The consolidated financial statement for the year ended March 31, 2023 has been prepared in accordance with Indian Accounting Standard ("Ind AS"). The Holding Company is covered under the definition of NBFC and the Ind AS is applicable under Phase II as defined in notification dated March 30, 2016 issued by Ministry of Corporate Affairs (MCA), since the holding company is a listed company. Accordingly, the Group is required to prepare the financial statement on the basis of Ind AS.

These consolidated financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under Sec 133 of the Companies Act ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015.

These consolidated Financial Statements of the Company are presented as per Schedule III (Division III) of the Companies Act, 2013 applicable to NBFCs, as notified by the Ministry of Corporate Affairs (MCA). These consolidated Financial Statements of the Company are presented in Indian Rupees ("INR"), which is also the group Company's functional currency and all values are rounded to nearest Lacs upto two decimal places, except otherwise indicated.

The consolidated financial statements for the year ended March 31, 2023 are being authorised for issue in accordance with a resolution of the directors on May 23, 2023.

b) Use of Estimates

The preparation of the consolidated financial statements in conformity with Ind AS requires that management make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities as of the date of the financial statements and the income and expense for the reporting period. The actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

The Group makes certain judgments and estimates for valuation and impairment of financial instruments, fair valuation of employee stock options, useful life of property, plant and equipment, deferred tax assets and retirement benefit obligations. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable.

Basis of consolidation of accounts of subsidiary companies:

The Company consolidates entities which it owns or controls. The consolidated financial statements comprise the financial statements of the group companies and subsidiaries as disclosed in Note 41. Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity's returns. Subsidiaries are consolidated from the date control commences until the date control ceases.

The financial statements of the group companies are consolidated on a line-by-line basis and intra-group balances and transactions including unrealised gain/loss from such transactions are eliminated upon consolidation. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions

and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the consolidated financial statements to ensure conformity with the Group's accounting policies. Non– controlling interests, which represent part of the net profit or loss and net assets of subsidiaries that are not, directly or indirectly, owned or controlled by the group companies, are excluded.

c) Revenue Recognition

- i. Revenue from brokerage activities is accounted for on the exchange settlement date of the transaction.
- ii. Revenue from issue management, debt syndication, financial advisory services etc., is recognized based on the stage of completion of assignments and terms of agreement with the client.
- iii. Gains / losses on dealing in securities are recognized on the exchange settlement date of the transaction.
- iv. Interest income is recognized using the effective interest rate method.
- v. Revenue from dividend is recognized when the right to receive the dividend is established.
- vi. Revenue is recognised at a Point in Time w.r.t. sale of real estate units, including land, plots, apartments, commercial units, development rights as and when the control passes on to the customer which coincides with handing over of the possession to the customer.

d) Cost of revenue

i. Cost of land and plots:

Cost of land and plots includes land (including development rights), acquisition cost, estimated internal development costs and external development charges, which is charged to the statement of profit and loss based on the percentage of land/ plotted area in respect of which revenue is recognised as explained in accounting policy for revenue from 'Sale of land and plots', in consonance with the concept of matching cost and revenue. Final adjustment is made on completion of the specific project.

ii. Cost of real estate projects:

Cost of constructed properties includes cost of land (including cost of development rights/ land under agreements to purchase), estimated internal development costs, external development charges, borrowing costs, overheads, construction costs and development/ construction materials, which is charged to the statement of profit and loss based on the revenue recognized as explained in accounting policy for revenue from real estate projects above, in consonance with the concept of matching costs and revenue.

e) Property, Plant and Equipment (PPE)

Measurement at recognition:

- i. property plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Subsequent costs are included in the asset's carrying amount.
- ii. All property, plant and equipment are initially recorded at cost. Cost comprises acquisition cost, borrowing cost if capitalization criteria are met, and directly attributable cost of bringing the asset to its working condition for the intended use.
- iii. Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefit associated with these will flow with the Group and the cost of the item can be measured reliably.

Depreciation:

- i. Depreciation provided on property, plant and equipment is calculated on a written-down-value (WDV) using the rates arrived at based on the useful lives estimated by management.
- ii. Depreciation on assets is provided on a Written Down Method as per the rates prescribed in Schedule II to the Companies Act, 2013. Depreciation on additions to fixed assets is provided on a pro-rata basis from the date the asset is available for use. Depreciation on sale / deduction from fixed assets is provided for up to the date of sale / deduction / scrapping, as the case may be.

iii. The residual values, estimated useful lives and methods of depreciation of property, plant and equipment are reviewed at the end of each financial year and changes if any, are accounted for on a prospective basis.

Capital Work in Progress:

i. Cost of the assets not ready for intended use, as on reporting date, is shown as capital work in progress. Advances given towards acquisition of fixed assets outstanding at each reporting date are shown as other non-financial assets.

ii. Depreciation is not recorded on capital work- in-progress until construction and installation is completed and assets are ready for its intended use.

f) Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization.

Amortisation

Amortisation is calculated using the straight- line method to write down the cost of intangible assets to their residual values over their estimated useful lives and is included in the depreciation and amortization in the statement of profit and loss.

Intangible asset	Useful Life / Amortisation Period
Computer Software	3 Years

g) Investment properties

Recognition and initial measurement

Investment properties are properties held to earn rentals or for capital appreciation or both. Investment properties are measured initially at their cost of acquisition including transaction costs. The cost comprises purchase price, borrowing cost, if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. When significant parts of the investment property are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group. All other repair and maintenance costs are recognised in statement of profit and loss as incurred.

The cost includes the cost of replacing parts and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of the investment property are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in profit or loss as incurred.

Transfers are made to (or from) investment property only when there is a change in use. For a transfer from investment property to owner-occupied property, the deemed cost for subsequent accounting is the fair value at the date of change in use.

Subsequent measurement (depreciation and useful lives)

Investment properties are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Depreciation on investment properties is provided on the written down value method, over the useful lives of the assets as per Schedule II to the Companies Act 2013.

De-recognition

Investment properties are de-recognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in statement of profit and loss in the period of de-recognition

h) Financial Instruments

The Group recognizes all the financial assets and liabilities at its fair value on initial recognition; In the case of financial assets not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset are added to the fair value on initial recognition. The financial assets are accounted on a trade date basis.

For subsequent measurement, financial assets are categorised into:

Amortised cost: The Group classifies the financial assets at amortised cost if the contractual cash flows represent solely payments of principal and interest on the principal amount outstanding and the assets are held under a business model to collect contractual cash flows. The gains and losses resulting from fluctuations in fair value are not recognised for financial assets classified in amortised cost measurement category.

Fair value through other comprehensive income (FVOCI): The Group classifies the financial assets as FVOCI if the contractual cash flows represent solely payments of principal and interest on the principal amount outstanding and the Group's business model is achieved by both collecting contractual cash flow and selling financial assets. In case of debt instruments measured at FVOCI, changes in fair value are recognised in other comprehensive income. The impairment gains or losses, foreign exchange gains or losses and interest calculated using the effective interest method are recognised in profit or loss. On de-recognition, the cumulative gain or loss previously recognised in other comprehensive income is re- classified from equity to profit or loss as a reclassification adjustment. In case of equity instruments irrevocably designated at FVOCI, gains / losses including relating to foreign exchange, are recognised through other comprehensive income. Further, cumulative gains or losses previously recognised in other comprehensive income remain permanently in equity and are not subsequently transferred to profit or loss on derecognition.

Fair value through profit or loss (FVTPL): The financial assets are classified as FVTPL if these do not meet the criteria for classifying at amortised cost or FVOCI. Further, in certain cases to eliminate or significantly reduce a measurement or recognition inconsistency (accounting mismatch), the Group irrevocably designates certain financial instruments at FVTPL at initial recognition. In case of financial assets measured at FVTPL, changes in fair value are recognised in profit or loss.

Profit or loss on sale of investments is determined on the basis of first-in-first-out (FIFO) basis.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non- financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

Level 1 - The fair value hierarchy have been valued using quoted prices for instruments in an active market.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs that are unobservable. This category includes all instruments for which the valuation technique includes inputs that are not observable and the unobservable inputs have a significant effect on the instrument's valuation.

Based on the Group's business model for managing the investments, the Group companies has classified its investments and securities for trade at FVTPL. Investment in subsidiaries is carried at deemed cost (previous GAAP carrying amount) as per Ind AS 27.

Financial liabilities are carried at amortised cost using the effective interest rate method. For trade and other payables, the carrying amount approximates the fair value due to short maturity of these instruments.

Impairment of financial assets: In accordance with Ind AS 109, the Group applies expected credit loss model (ECL) for measurement and recognition of impairment loss. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. At each reporting date, the Company assesses whether the loans have been impaired. The Company is exposed to credit risk when the customer defaults on his contractual obligations. For the computation of ECL, the loan receivables are classified into three stages based on the default and the aging of the outstanding.

If the amount of an impairment loss decreases in a subsequent period, and the decrease can be related objectively to an event occurring after the impairment was recognised, the excess is written back by reducing the loan impairment allowance account accordingly. The write-back is recognised in the statement of profit and loss.

For subsequent measurements, financial liability are categorised into:

All financial liabilities are initially recognised at fair value net of transaction cost that are attributable to the separate liabilities. All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost of a financial liability.

Equity instruments:

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs.

Derecognition:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid is recognised in the Statement of Profit and Loss.

i) Employee Benefits

Gratuity

The Group pays gratuity, a defined benefit plan, to its employees who retire or resign after a minimum period of five years of continuous service. The Group companies makes contributions to the LIC Employees Gratuity Fund which is managed by Life Insurance Company Limited (LIC) for the settlement of gratuity liability.

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Group's net obligation in respect of the defined benefit plan is calculated by estimating the amount of future benefit that employee has earned in exchange of their service in the current and prior periods and discounted back to the current valuation date to arrive at the present value of the defined benefit obligation. The defined benefit obligation is deducted from the fair value of plan assets, to arrive at the net asset / (liability), which need to be provided for in the books of accounts of the Group.

As required by the Ind AS19, the discount rate used to arrive at the present value of the defined benefit obligations is based on the Indian Government security yields prevailing as at the balance sheet date that have maturity date equivalent to the tenure of the obligation.

The calculation is performed by a qualified actuary using the projected unit credit method. When the calculation results in a net asset position, the recognized asset is limited to the present value of economic benefits available in form of reductions in future contributions.

Remeasurements arising from defined benefit plans comprises of actuarial gains and losses on benefit obligations, the return on plan assets in excess of what has been estimated and the effect of asset ceiling, if any, in case of over funded plans. The Group recognizes these items of remeasurements in other comprehensive income and all the other expenses related to defined benefit plans as employee benefit expenses in their profit and loss account.

When the benefits of the plan are changed, or when a plan is curtailed or settlement occurs, the portion of the changed benefit related to past service by employees, or the gain or loss on curtailment or settlement, is recognized immediately in the profit or loss account when the plan amendment or when a curtailment or settlement occurs.

Provident Fund

Retirement benefit in the form of provident fund is a defined contribution scheme. The Group is statutorily required to contribute a specified portion of the basic salary of an employee to a provident fund as part of retirement benefits to its employees. The contributions during the year are charged to the statement of profit and loss.

j) Borrowing costs

Borrowing costs include interest expense as per the effective interest rate (EIR) and other costs incurred by the Group in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of those tangible fixed assets which necessarily take a substantial period of time to get ready for their intended use are capitalized. Other borrowing costs are recognized as an expense in the year in which they are incurred.

k) Foreign exchange transactions

The functional currency and the presentation currency of the Group is Indian Rupees. Transactions in foreign currency are recorded on initial recognition using the exchange rate at the transaction date. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date. Exchange differences arising on the settlement or translation of monetary items are recognized in the statement of profit and loss in the period in which they arise.

Assets and liabilities of foreign operations are translated at the closing rate at each reporting period. Income and expenses of foreign operations are translated at monthly average rates. The resultant exchange differences are recognized in other comprehensive income in case of foreign operation whose functional currency is different from the presentation currency and in the statement of profit and loss for other foreign operations. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

I) Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As per the requirements of Ind AS 116 the company evaluates whether an arrangement qualifies to be a lease. In identifying a lease, the company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

Right of Use Assets

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located.

The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the written down value method from the commencement date over the lease term. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable and impairment loss, if any, is recognised in the statement of profit and loss.

Company has recognised lease hold land as right of use asset and depreciated over its lease term.

Lease Liability

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole.

The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications. The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

Operating leases

The Company has also used the practical expedient provided by the standard when applying Ind AS 116 to leases previously classified as operating leases under Ind AS 17 and therefore, has not reassessed whether a contract, is or contains a lease, at the date of initial application, relied on its assessment of whether leases are onerous, applying Ind AS 37 immediately before the date of initial application as an alternative to performing an impairment review, excluded initial direct costs from measuring the right-of-use asset at the date of initial application and used hindsight when determining the lease term if the contract contains options to extend or terminate the lease. The Company has used a single discount rate to a portfolio of leases with similar characteristics.

Company as a lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 Revenue from contracts with customers to allocate the consideration in the contract.

Short-term leases and leases of low-value assets

The Group has elected by class of underlying asset to not recognise right of use assets and lease liabilities for short term leases that have a lease term of 12 months or less and leases for which the underlying asset is of low value.

m) Income tax

The income tax expense comprises current and deferred tax incurred by the Group. Income tax expense is recognised in the income statement except to the extent that it relates to items recognised directly in equity or OCI, in which case the tax effect is recognised in equity or OCI. Income tax payable on profits is based on the applicable tax laws in each tax jurisdiction and is recognised as an expense in the period in which profit arises. Current tax is the expected tax payable/receivable on the taxable income or loss for the period, using tax rates enacted for the reporting period and any adjustment to tax payable/receivable in respect of previous years.

Current tax assets and liabilities are offset only if, the Company:

- a) The entity has legally enforceable right to set off the recognized amounts; and
- b) Intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purpose and the amounts for tax purposes.

Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised, for all deductible temporary differences, to the extent it is probable that future taxable profits will be available against which deductible temporary differences can be utilised. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset only if:

- c) The entity has legally enforceable right to set off current tax assets against current tax liabilities; and
- d) The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

The tax effects of income tax losses, available for carry forward, are recognised as deferred tax asset, when it is probable that future taxable profits will be available against which these losses can be set-off.

Additional taxes that arise from the distribution of dividends by the Company are recognised directly in equity at the same time as the liability to pay the related dividend is recognised.

n) Cash and cash equivalents

Cash and cash equivalents for the purpose of cash flow statement include cash in hand, balances with the banks and short-term investments with an original maturity of three months or less, and accrued interest thereon.

o) Impairment of non-financial assets

The Group assesses at the reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's ("CGU") fair value less costs of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. Impairment losses are recognised in statement of profit and loss.

p) Provisions

Provision is recognised when an enterprise has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are determined based on management estimates required to settle the obligation at the balance sheet date, supplemented by experience of similar transactions. These are reviewed at the balance sheet date and adjusted to reflect the current management estimates.

q) Contingent liabilities and assets

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is termed as a contingent liability. The existence of a contingent liability is disclosed in the notes to the financial statements.

Contingent assets are neither recognised nor disclosed.

r) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is computed using the weighted average number of equity shares and dilutive potential equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

s) Cash Flow Statement

Cash flow are reported using Indirect Method, where by profit/(loss) before tax is adjusted for the effect of transaction of non-cash nature and any deferrals or accruals of past or future cash receipt or payments and items of income or expenses associated with investing or financing cash flow. The cash flow from operating, Investing & financing activities of the company is segregated based on the available information.

51. Financial Risk Management

The Company has exposure to the following risk arising from financial instruments:

a) Credit Risk

It is risk of financial loss that the Company will incur a loss because its customer or counterparty to financial instruments fails to meet its contractual obligation. The Company's financial assets comprise of Cash and bank balance, Securities for trade, Trade receivables, Loans, Investments and Other financial assets which comprise mainly of deposits. The maximum exposure to credit risk at the reporting date is primarily from Company's trade receivable.

Following provides exposure to credit risk for trade receivables:

(Rs. in Lakhs)

Particulars	March 31, 2023	March 31, 2022
Trade and Other Debtors		
Secured		
Due 0-180 days	185.87	184.37

Total (a+b)	301.06	277.44
Less: Impairment Loss	(15.01)	(12.70)
Total	286.05	264.75

The Company has followed simplified method of ECL in case of Trade receivables and the Company recognises lifetime expected losses for all trade receivables that do not constitute a financing transaction. At each reporting date, the Company assesses the impairment requirements.

Other financial assets considered to have a low credit risk:

Credit risk on cash and cash equivalents is limited as we generally invest in deposits with banks and stock exchanges with high credit ratings assigned by international and domestic credit rating agencies. Investments comprise of Quoted Equity instruments and Mutual Funds which are market tradeable.

b) Liquidity Risk

Liquidity represents the ability of the Company to generate sufficient cash flow to meet its financial obligations on time, both in normal and in stressed conditions, without having to liquidate assets or raise funds at unfavourable terms thus compromising its earnings and capital. The Company aims to maintain the level of its cash and cash equivalents and other highly marketable investments at an amount in excess of expected cash outflow on financial liabilities. Funds required for short period is taken care by borrowings through utilizing overdraft facility.

The table below summarises the maturity profile of the undiscounted cash flows of the Company's financial assets and liabilities.

c) Market Risk

Market risk arises when movements in market factors (foreign exchange rates, interest rates and equity prices) impact the Company's income or the market value of its portfolios. The Company, in its course of business, is exposed to market risk due to change in equity prices, interest rates and foreign exchange rates. The objective of market risk management is to maintain an acceptable level of market risk exposure while aiming to maximize returns. The Company classifies exposures to market risk into either trading or non-trading portfolios. Both the portfolios are managed using the following sensitivity analyses:

i) Equity Price Risk

ii) Foreign Currency Risk

iii) Interest Rate Risk

Fair value hierarchy

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique.

Level 1 - The fair value hierarchy have been valued using quoted prices for instruments in an active market.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs that are unobservable. This category includes all instruments for which the valuation technique includes inputs that are not observable and the unobservable inputs have a significant effect on the instrument's valuation.

The following table summarises financial instruments measured at fair value on recurring basis:

NOTES

1. Considering the impact of COVID-19 pandemic, the Ministry of Corporate Affairs ('MCA') has, vide its circular dated December 12, 2022 and Securities and Exchange Board of India ("SEBI") vide its circular nos. SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated May 12, 2020 and SEBI/HO/CFD/PoD-2/P/CIR/2023/4 dated January 5, 2023 (collectively "SEBI Circulars"), permitted convening the Annual General Meeting ('AGM' / 'Meeting') through Video Conferencing ("VC") or Other Audio Visual Means ('OAVM'), without the physical presence of the members at a common venue. In accordance with the MCA Circulars, provisions of the Companies Act, 2013 ('the Act') and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations') and the circulars issued by Bombay Stock Exchange (BSE), the AGM of the Company will be held through VC / OAVM. Generally, a member entitled to attend and vote at the Meeting is entitled to appoint a proxy to attend and vote on a poll instead of himself and that the proxy need not be a member of the Company. Since this AGM is being held through VC / OAVM pursuant to the MCA Circulars, physical attendance of members has been dispensed with. Accordingly, the facility for the appointment of proxies by the members will not be available for the AGM and hence the Proxy Forms and Attendance Slips are not annexed hereto.

2. Route map and prominent land mark for easy location of venue of the AGM is not provided in the Annual Report since Annual General Meeting is to be held through VC/OAVM.

3. Details of Director retiring by rotation/seeking re-appointment at this meeting are provided in the Annexure to this Notice.

4. The relevant details as required under Regulation 36(3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and "Secretarial Standard – 2" on General Meetings issued by the Institute of Company Secretaries of India, of the Director seeking re-appointment, are annexed hereto.

5. Corporate Members are required to send a scanned copy (PDF/JPG Format) of its Board or Governing Body Resolution / Authorization, etc., authorizing its representative to attend the AGM through VC / OAVM on its behalf and to vote through remote e-voting to the Company, by email through its registered email address to compliance@indothai.co.in

6. SEBI & MCA encourage paperless communication as a contribution to greener environment. The Companies Act, 2013 (the "Act") and the Listing Regulations, permit Companies to send soft copies of the Annual Report to all those Shareholders who have registered their e-mail addresses with the Company's Registrar and Share Transfer Agent/Depository Participant(s).

In compliance with the aforesaid MCA and SEBI Circulars mentioned in point 1, Notice of the AGM along with the Annual Report 2022-23 is being sent only through electronic mode to those Members whose email addresses are registered with the Company's Registrar and Share Transfer Agent or CDSL / NSDL ("Depositories"). Members may note that the Notice and Annual Report 2022-23 will also be available on the Company's website www.indothai.co.in, and websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively.

Members whose email address is not registered can register the same in the following manner:

a. Members holding share(s) in physical mode can register their e-mail ID with the Company/ RTA, Bigshare Services Private Limited; and

b. Members holding share(s) in electronic mode are requested to register / update their e-mail address with their respective Depository Participants ("DPs") for receiving all communications from the Company electronically.

7. In case of joint holders attending the Meeting, only such joint holder who is higher in the order of names will be entitled to vote.

8. As required under the provisions of Section 108 of the Companies Act, 2013 read with the Companies (Management and Administration) Rules, 2014 and other applicable provisions, E-Voting facility is being provided to the Members. Details of the E-Voting process and other relevant details are being sent to the Members along with the Notice and also provided at the end of this Annual Report.

9. Members are requested to note that pursuant to the provisions of Section 124(6) of the Companies Act, 2013 and the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, as amended from time to time, all equity shares of the Company on which dividend for the year 2015-16 (declared on 22nd AGM) has

not been paid or claimed for 7 consecutive years or more, shall be required to be transferred by the Company, along with the said dividend, to Investor Education and Protection Fund on or after 30th October, 2023. The details of the Members, who have not encashed their dividend warrants for the earlier years and whose shares are liable to be transferred to the IEPF Authority if they do not encash their dividend prior to said date, are put on the Company's website www.indothai.co.in under the 'investors' Section. Hence, Members who have not encashed their dividend warrants for the earlier year/s are advised to write to the Company and Company's Registrar & Share Transfer Agent - Bigshare Services Private Limited immediately claiming their dividends declared by the Company.

10. Members are requested to note that as per Section 124(6) of the Act, read with IEPF Rules as amended, all the shares in respect of which dividend remained unpaid/unclaimed for seven consecutive years or more, are required to be transferred to the demat account of the IEPF Authority. Consequently, the Company transferred eligible equity shares during the financial year 2022-23 to the demat account of the IEPF Authority. Members are entitled to claim the same from IEPF by submitting an application in the prescribed online web-based Form IEPF-5 available on www.iepf.gov.in and sending a physical copy of the same, duly signed, to the Nodal Officer of the Company along with the requisite documents enumerated in Form IEPF-5. Members can file only one consolidated claim in a financial year as per the IEPF Rules.

The Company will upload the details of unpaid and unclaimed dividend amounts lying with the Company for the financial year 2015-16, 2016-17, 2017-18, 2018-19, 2020-21 and 2021-22 as on 31st March, 2023 on the website of the Company (www.indothai.co.in).

11. Applicable statutory records and all the documents referred to in the accompanying Notice of the 29th AGM shall be available for inspection by the Members at the Registered Office of the Company on all working days during business hours up to the date of the Meeting. Such documents will also be available electronically for inspection by the Members from the date of circulation of this Notice up to the date of AGM and during the AGM. Members seeking to inspect such documents can send an e-mail to compliance@indothai.co.in

12. Members attending the AGM through VC / OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.

13. In terms of Listing Regulations, the Securities of the listed Companies can only be transferred in dematerialized form w.e.f. 01st April, 2019. In view of the same, members are advised to dematerialize the shares held by them in physical form.

14. Members holding shares in electronic form are also requested to submit/update their PAN and bank account details to their Depository Participants with whom they are maintaining their Demat accounts.

15. As per the provisions of Section 72 of the Companies Act, 2013 and Rule 19 of the Companies (Share Capital and Debentures) Rules, 2014, facility for making nominations is available to individuals holding shares in the Company. Members holding shares in physical form desiring to avail this facility may send their nomination in the prescribed Form No. SH-13 duly filed to Bigshare Services Private Limited. Members holding shares in electronic form may contact their respective Depository Participant(s) for availing this facility.

16. The Register of Members and Share Transfer Books of the Company shall remain closed from Saturday, 16th September, 2023 to Tuesday, 19th September, 2023 (both days inclusive) and the dividend as may be declared shall be payable to Members of the Company whose names appear:

a) As Beneficial Owners as at the end of business hours on Friday, 15th September, 2023 as per the download to be furnished by National Securities Depository Limited and Central Depository Services (India) Limited, in respect of the shares held in electronic form; and

b) As Members in the Register of Members of the Company as on Friday, 15th September, 2023 in respect of the shares held in physical form.

Subject to the provisions of the Act, dividend on equity shares, as recommended by Board, if declared at the Meeting, will be credited/dispensed on or after Saturday, 23rd September, 2023.

17. The Securities and Exchange Board of India and Reserve Bank of India ("RBI") have advised all listed companies to mandatorily use the National Electronic Clearing Services (NECS) facility wherever possible for dividend payment to the Shareholders. Members holding shares in electronic form may note that bank particulars registered against their respective depository accounts will be used by the Company for payment of dividend. The Company or its Registrars and Share Transfer Agents, Bigshare Services Private Limited, cannot act on any request received directly from the Members holding shares in electronic form for any change of bank particulars or bank mandates. Such changes are to be advised only to the Depository Participant of the Members. For the shares held in physical form, the Bank particulars may be sent to Bigshare Services Private Limited, the Registrar and Share Transfer Agent of the Company. For electronic shares, the Members are requested to direct change in relevant information to the concerned Depository Participant with whom the demat account is operational. In the absence of electronic credit facility, the bank account details, if available, will be printed on the Dividend Warrants/Demand Drafts. Members holding shares in dematerialized form must give instructions, regarding bank accounts in which they wish to receive dividend, to their respective Depository Participant.

18. Members may note that the Income-tax Act, 1961, ("the IT Act") as amended by the Finance Act, 2020, mandates that dividends paid or distributed by a company after April 1, 2020 shall be taxable in the hands of members. The Company shall therefore be required to deduct tax at source ("TDS") at the time of making the payment of final dividend. In order to determine the appropriate TDS rate as applicable, members are requested to submit relevant documents, in accordance with the provisions of the IT Act with the Registrar and Share Transfer Agent as specified in the below paragraphs.

For resident shareholders (Individuals), taxes shall be deducted at source under Section 194 of the IT Act as follows:
